

## Carers Small Grants Scheme Guidance Notes for Applications

The Social Services and Well-being (Wales) Act 2014 defines a carer as:  
'A person who provides or intends to provide care for an adult or disabled child.'

Carers Grants provide financial support to individual carers of all ages via its four different grant funds. The service is run by The Care Collective.

**Grants are discretionary and Grant funding is limited. Each application will be assessed on an individual basis.** You will be informed following the panel meeting if your application has been successful or unsuccessful.

Throughout this document you will find all the information you need regarding applying for or helping someone else to apply for a Carers Grant.

Please read these guidance notes and pay particular attention to the 'Important points to remember' sections, and the 'Grant Categories- Detailed information sections'. The application form also provides information regarding the type and nature of information required by Panel. Please read the questions fully and provide detailed responses with all of the requested information.

### The four grant fund categories are:

- Carers Essentials – maximum award £300
- Carers Time Out – maximum award £300
- Carers Access – maximum award £500 for driving lessons /anything else £250
- Carers Skills – maximum award £300

**Grants are discretionary and when funding is limited, priority will be given to carers who have not previously been awarded a grant.**

Grants are limited to £700 and two different categories per household within a 12-month period.

We cannot fund requests retrospectively where an item has already been purchased and/or a deposit has been paid. Action will be taken to recover funds provided if grant funds are accepted when the item/service applied for has already been purchased.

The Small Grants Panel reserves the right to fully award, partially award or decline applications. Each application is considered individually based on the information provided within the application form, and the Panel's decision is final.

Receipts of purchases are required for all items/services purchased where an egift voucher was supplied to the Carer by the Small Grant Service. Failure to provide a receipt will result in any future applications being rejected.

Feedback is required for all grants awarded. Failure to provide feedback will result in any future applications being significantly delayed whilst it remains outstanding. Applications may also be closed and rejected.

You are applying for a grant as a Carer and the application should clearly show how the item/service being applied for will benefit the Carer in their caring role.

### **Misuse of Grant Funds**

The misuse of grant funding is strictly prohibited. All potential fraudulent, misuse or abuse of the grant funding awarded is taken seriously. Submitting false, inaccurate or misleading information on an application form to obtain grant funds is unlawful.

Examples of misuse are not limited to but may include:

- Purchasing items that were not applied for.
- Purchasing a similar item to that applied for but at a much lower in value.
- Purchasing an item for someone other than the person identified in the application.
- Purchasing the item applied for before the grant is awarded and then also accepting the egift voucher.

Misuse of grant funds will lead to future grant applications being rejected from anyone within the household, and any funding provided that has been used inappropriately will be required to be repaid to the, The Care Collective Small Grants Service.

### **What do you need to know when completing the application?**

The application form has been designed to provide all the information that the decision-making Panel needs to enable a fair assessment of the applications. All information should be included in the application form as additional information via an alternative method of communication is not accepted. Please use this guidance document **and** the information provided in the application form to assist you in completing a high-quality application.

## Completing an application - Important points to remember:

- Incomplete applications or applications that do not meet criteria **will not** be processed.
- Only one grant fund/category can be applied for on an application form. If applying for more than one grant fund/category you will need to complete a new application for each.
- Please ensure that **all** sections of the application form have been completed to a satisfactory standard before it's submitted. Applications should be fully completed; including all contact information required.
- Applications that do not fully explain the caring role and situation, do not provide full information regarding what is being applied, don't demonstrate a clear benefit to the Carer or a link to the caring role are unlikely to be successful.
- Applications can only be considered if a quote/cost for the item/service and specific details regarding the item/service applied for is submitted within the application.
- A supporting statement or verification of your status as an unpaid Carer must be provided by an independent professional (Section 5 or 6 of the application form).
- Section 5 of the form should only be completed by a professional who is supporting the application by providing a written statement. If a supporting statement is being provided, the Professional making the statement should complete the application on behalf of the Carer and provide all contact information in order for us to process the application. A supporting statement adds credence to your application, therefore, the Carer should always try to obtain a supporting statement from a professional.
- Applications without verification of the caring role in either section 5 or 6 will not be processed for panel as they do not meet the required criteria.
- The Carers Declaration (Section 8) must be completed and signed by the Carer and all individuals (age 16 years and over) referenced in the application. A handwritten signature is required if not completing the online application form.
- The Grants Team will not store or process any application that does not include a fully complete and signed Carers Declaration (Section 8).

## General information - Important points to remember:

- **There is often a wait list in operation and the grant process usually takes between 4-12 weeks.** The length of time to process applications can vary depending on the time of year, availability of other grants and the length of the wait list.
- Urgent requests for payments outside of our 30-day payment terms will not be considered.

- The Small Grant Service is funded by public money and may be audited independently. Your application and any subsequent verification provided may be included and scrutinised as part of any audit process.
- A grant application is a legal application for monetary assistance, therefore, submitting false, inaccurate or misleading information on an application form to obtain grant funds is unlawful.
- Evidence of statements made within the application form may be required to verify statements made.
- Payments cannot be made retrospectively. No reimbursement of payments already made by the Carer can be made by the Small Grants scheme. If the Carer purchases the item or service they have applied for a grant to fund, they will void their grant award.
- Payments can only be made to the supplier and in some instances purchases will be made by The Care Collective on behalf of the Carer. No payment will be made directly to the Carer.
- Payments for driving lessons can only be made to ADI registered Instructors. We are NOT able to make payment to PDI qualified Instructors. The ADI number will be required and checked prior to any invoice being paid.
- If a receipt is requested following a grant award it must be provided. A receipt is required for all grants provided via egift voucher and some others at the discretion of the Small Grants Officers. If no receipt is provided any further applications from within the household will be rejected.
- Feedback is required for all grants awarded. If no feedback is received any further applications will be rejected until the outstanding feedback is provided.
- If more than one related item/service is requested (e.g. spa treatment and overnight hotel / washing machine and ailer) in one application, then these must be available from the same supplier.
- Where E-gift vouchers are supplied they must be available for The Care Collective to purchase online in GBP (£'s) with delivery by email regardless of the category applied under.
- Retailers have different terms and conditions for the use of their evouchers. It is the applicant's responsibility to ensure the information regarding the evoucher that they enter onto the application form is correct and that the evoucher can be used for the item/service they have requested on the application.
- If the retailer does not allow the purchase of the full value of the grant as an evoucher it is the applicants responsibility to ensure that more than one evoucher can be used per transaction in order for them to purchase the item/service they have applied for.
- We are unable to purchase egift vouchers from 'hotels.com', or giftcards.co.uk or holiday-voucher.com.
- B&Q will only accept gift card payments towards their own branded products (GoodHome); therefore, we are unable to consider applications or provide egift cards for items that are not B&Q's own brand products.

- We are unable to purchase e-gift vouchers where the retailer/voucher provider tags their e-gift vouchers as 'cash' for the purposes of the banking industry. In this instance the Carer will be required to choose an alternative supplier/retailer. In most instances we may not know this information until a purchase is attempted.
- Where costs of item(s) exceed the total of the grant awarded, The Care Collective may provide you with bank details for a BACS transfer before a purchase can be made on your behalf.
- In a 12-month period a maximum of £700 can be awarded via the Small Grants Scheme to any household. These funds must be from different grant fund categories. A maximum of 2 categories per household in any 12 month period is allowed.
- In a 12-month period a maximum of £700 can be awarded via the Small Grants Scheme between all Carers who care for the same person in receipt of care. The Carers and/or person in receipt of care may or may not live in the same household. Where more than one person cares for the same person the maximum available between all the Carers who care for the same person, regardless of where they live, is a maximum of £700.
- The £700 is a maximum for any person/household/Carers of the same person in receipt of care. The £700 is inclusive of all categories and criteria as listed above. It is not £700 per household plus £700 per person in receipt of care.
- If applying for more than one grant, the funds must be from different grant fund categories. If Carers are successful, the same grant fund can only be applied for after a 12-month period (from the date of the award).
- A maximum of 2 different categories can be applied for in any 12 month period per household.
- Holidays/hotel stays/Spa breaks/flights or any type of overnight break can only be applied for once in every 24 month period per household. (from the date of the last award)
- If your application is successful, the grant award is **valid for 6 months from the date you are notified.** If after this period the grant award has not been spent it will become void and the funds set aside will be returned to the 'small grant funding pot' to be reused. At the end of the financial year there may be a requirement for grant payments to be completed earlier than six months to ensure funding is available. Small Grant Officers will advise if this is the case.
- We are not able to become involved in refunds, complaints or disputes regarding missing / undelivered / faulty or damaged goods.
- We are not able to become involved in rebooking's or cancellation of holidays / breaks / spa days / hotels/experience days/travel etc.
- We are not able to become involved in disputes, issues or complaints involving your personal accounts/contracts with retailers / suppliers.
- We are not able to book any travel, breaks, experience days etc. where specific dates are required.

## Verification and supporting statements

### Who can complete the application form?

- A Carer
- A Parent of a young Carer
- A professional

### Who can provide verification of your caring status?

- An independent professional who has supported you in your caring role.
- An independent professional who is able to verify you as an unpaid Carer.

By providing contact information for the Professional you are confirming you have obtained consent from them to share their information and that they have confirmed to you they will provide verification when requested. If the professional does not respond to the verification request or is unable to provide verification then your application will not be processed.

**Please note:** Some professionals are unable to provide verification or supporting statements due to confidentiality and data protection remits within their professional role.

### Professionals who are unlikely to be able to provide verification are:

GP's  
Employees within a GP practice  
Counsellors

### Who cannot provide verification of your caring status?

- We cannot accept verification from family members, anyone related to the Carer or person in receipt of care or anyone with a familial type relationship.
- We cannot accept verification from anyone who lives in the same household as either the Carer or person named as in receipt of care.
- We cannot accept verification from anyone who would directly benefit from the grant if the application was successful.

### Who can provide a supporting statement?

A **professional** can complete an application on behalf of the Carer and also provide a supporting statement:

- Social Worker

- Young Carer Support Worker
- Teacher / Teaching Assistant
- Representative of The Care Collective
- Carers Support Worker
- Community Support Worker
- Healthcare Professional
- Other person in a professional capacity

### Supporting statement:

Please provide us with as much relevant detail as possible including; How you know the carer and in what capacity, Information that may not have been highlighted fully in previous sections e.g. extent of caring role, the benefit the grant would have for the carer, what difference the request would make to the carer.

Please contact us if you need further guidance on who is able to complete this form.

### We cannot provide grants for the following:

- Applications for general support/living costs **will not** be considered.
- Items/respite breaks which should be provided via statutory provision.
- Statutory services should always be approached prior to applying to us if applicable (e.g. social services should be approached regarding funding for respite care and a person's local NHS wheelchair service should be approached regarding funding for a wheelchair).
- Home adaptations.
- Home fixtures, including integrated / built in / built under kitchen appliances or bathroom fixtures
- Items that require professional installation by a qualified installer. E.g. Cooker
- The purchase or maintenance of vehicles.
- Funding towards general living costs e.g. food, bills, rent and debt repayment.
- Funding for on-going payments spread over a period of time.
- Mobile phones.
- IT equipment for the completion of statutory school work.
- Insurance and maintenance.
- Requests where the item has already been purchased / booked / confirmed and/or a deposit has been paid.
- Laptops will only be available via the skills and Essentials categories.

**Please note:** You should ensure you keep receipts, order or booking confirmations for all purchases made with grant funds provided to you. If receipts are not provided then any further applications from within the household will be rejected.

## Grant Categories – detailed information

### Carers Essentials

Carers can apply for grants of up to £300 towards the cost of ONE piece of household equipment which will benefit them in their caring role.

Only ONE 'Carers Essential' grant can be applied for in a twelve-month period.

In exceptional circumstances applications for multiple items (totalling no more than £300) may be considered. In these cases, the items should ideally be interdependent (e.g. washing machine and airtex, mattress and mattress topper and the exceptional circumstances you would like the panel to consider should also be outlined in the application.

The amounts awarded for household items will be capped at a reasonable amount for the item requested. The panel have discretion to fully award, partially award or decline to award. The below table give an indication of the amounts Panel are likely to award for household items. This list is not exhaustive and items not included will be scrutinised by Panel Members and a reasonable amount determined for an award.

If the Carer makes a case for a particular item and clearly demonstrates a need for a specific specification, then panel have the discretion to override the maximum limit below up to the maximum grant allowable.

Item	Maximum	Item	Maximum
Microwave	£85	Bed frame (depending on size)	£100 - £300
Combination microwave	£200	Mattress (depending on size)	£150 - £300
Air fryer	£150	Bed frame and mattress	£300
Washing machine	£300	Heated airtex	£125
Washer Dryer	£300	Heated blanket (per blanket)	£65
Tumble dryer	£250	Fridge freezer	£300
Corded vacuum	£125	Freezer	£200
Cordless vacuum	£150	Fridge	£200
Laptop	£275	Tablet / iPad	£150
Chromebook	£250	Cloudbook	£200

### **Tips for writing a good Carers Essentials application:**

It is important to show a link between the item being requested and the caring role. Items such as washing machines and fridge freezers are generally seen as being essential

items for any household, but a clear link to the caring role and a demonstrated need for the item will make your application much stronger e.g.:

### Examples of relevant information to include in the application have been provided below:

A washing machine is essential because:

- It is very difficult for the carer to get to the launderette as they can't leave the person in receipt of care alone.
- The person in receipt of care has continence issues, creating large amounts of washing, making a launderette expensive and impractical.

Some items that are requested from the Carers Essentials Fund are not generally seen as being essential, e.g. tumble dryers, carpets, TV's etc. If you are applying for a grant towards one of these items, you will need to make a strong case for why the need for them is linked to the caring role.

A new tumble dryer is needed because:

- The person in receipt of care is incontinent and the Carer is finding the large amount of drying around the house difficult to cope with.
- There is no outside space in which to hang washing and the Carer or the person in receipt of care has a condition which would be negatively affected by damp clothes regularly hanging in the home.

Please note: We cannot consider applications for fixtures. Fixed flooring such as tiles are ineligible, but we are able to consider carpet and laminate if they are required for safety reasons. We are also unable to consider applications for integrated items or items that require professional installation e.g. bathroom fixtures, integrated appliances, cookers which requires professional installation.

### Carers Time Out

The 'Time Out' grant is designed to give carers a break from their caring role. Carer's are able to also apply for items / services that will give them respite or breaks at home or away from home.

Only ONE 'Carers Time Out' grant can be applied for in a twelve-month period. Holidays /hotel stays/Spa breaks/flights or any type of overnight break can only be applied for once per household in every 24 month period (from the date of the last award). Holidays are available in the UK only. Flights abroad to visit family may be considered.

The maximum that can be applied under the 'Time Out' category is £300. However, some items will be capped at a lower amount at the discretion of the panel. In the case of subscriptions/memberships this will generally be the cost of a one-year subscription.

If the Carer makes a case for a particular item and clearly demonstrates a need for a specific feature, size etc., then panel have the discretion to override the maximum limit below up to the maximum grant allowable.

Item	Maximum	Item	Maximum
Garden sofa seating 4+ seats	£300	BBQ - Charcoal	£125
Garden patio set 4+ seats	£250	BBQ - Gas - Electric	£225
Garden egg chair	£150	Garden swing seat	£125
Garden bistro set	£150	Garden gravity chairs (each)	£45
Tablet / iPad	£150	Gym membership	£300
Gazebo	£100	Holiday (UK)	£300
Spa day	£100	Overnight spa break	£250
Hotel stays/Cottage /home rental/Caravan stays (any overnight stay depending on number of nights)	£300	Flights to visit family abroad	£300

Carers are encouraged to apply for items and services that they feel will benefit them through giving them a break from their caring role.

### **Important information applicable to egift vouchers for 'Time Out'**

For 'Time Out' there must be an option to purchase an egift voucher online which is deliverable by email. All egift vouchers must be available to purchase online in GBP (£) and be deliverable by email. Retailers will have different terms and conditions for the use of their evouchers. It is the applicant's responsibility to ensure the information for the evoucher that they enter onto the application form is correct, and that the evoucher can be used for the item/service they have requested on the application. If the retailer does not allow the purchase of the full value of the grant as an evoucher, it is the applicants responsibility to ensure that more than one evoucher can be used per transaction in order for them to purchase the item/service they have applied for. Most retailers do not allow refunds or exchanges once vouchers have been purchased, so, it is vitally important that the information provided on the application is correct.

If more than one item/service is requested (e.g. spa day and overnight hotel) in one application, then these must be available from the same supplier.

The Care Collective will purchase the egift voucher and the Carer will be required to book their break themselves.

Other ideas for 'Time out'

- Netflix – maximum 12-month subscription cost
- Hobbies – equipment and supplies e.g. Art supplies, paints, paper, brushes, canvas etc.
- Exercise equipment
- Garden seating

An application can be made for non-emergency replacement care\* only up to a maximum of £250 (no holiday/break away is required).

\*Non-emergency replacement care must be provided by a registered care provider. Non-emergency replacement care should be for consecutive days and not individual days spread over a period of weeks/months.

### **Please note the following:**

The grant can include the cost of the person in receipt of care and/or a family member, partner or friend to accompany the carer. The application should clearly explain how time out will be achieved if the person they care for is also going on the day/break/holiday. The break/experience/day out can be taken in the UK or you may apply for flights to visit family who live abroad. The grant applications we are able to consider may from time to time be affected by Government or other organisations guidance and legislation. The Small Grant Panel will not consider applications for grants that do not adhere to travel guidance or restrictions in force at the time the application is submitted.

### **Tips for writing a good Carers Time Out application:**

It is very important that you show how the need for time out is related to the caring role.

### **Other factors that would support the application in being funded would be:**

- If the Carer has not had a break for a significant amount of time (five years or more).
- Demonstrating the emotional impact of caring and the benefit that some time out could have on a Carers mental health, enabling them to continue in their caring role.
- If the person in receipt of care is going on a break with the Carer, it is important to demonstrate how the Carer will still have a break from their caring role.

## **Carers Access**

Carers can apply for grants of up to £500 towards the cost of driving lessons with an ADI qualified and registered Instructor (we are not able to accept invoices from PDI qualified Instructors). Carer's can apply for other forms of transport that would benefit them in their caring role up to a maximum of £250. Carers Access aims to remove some of the transport-related barriers to living a full and independent life that may have been placed on a person by their caring role. Up to 40% of the total awarded can be used to pay for replacement care if needed.

Only ONE 'Carers Access' grant can be applied for in a twelve-month period.

If the request is for driving lessons the carer will need to demonstrate the following:

- Proof of a provisional license (you will be required to confirm you have a provisional license during the application process. If you don't already have a provisional license you will need to rectify this before applying for a grant for driving lessons. You may be asked for proof of your provisional license as you will not be able to have driving lessons without one).
- The benefit of learning to drive to their caring role and their quality of life in general.
- **If there is another driver in the household, please explain in the application why it is important that the carer also needs to be able to drive.**

### Other forms of transport

- Carers can apply for a grant towards the cost of other forms of transport if they can demonstrate that it will be beneficial to them in their caring role and/or in improving their independence and quality of life. Examples could include (but are not restricted to) transport to partake in an activity with other carers. Applications that focus on short term transport solutions or attempt to address presumptive transport situations are unlikely to receive funding. We are unable to provide funds to cover the cost of fuel.

### Tips for writing a good Carers Access application:

It is important to show how the ability to drive / access the community will help the Carer in their caring role. Examples of this could include:

- The Carer cares for someone who struggles with using public transport because they have mobility problems or challenging behavior.
- The person in receipt of care was the sole driver in the household but, due to their condition, can no longer drive.
- Application must clearly state how driving lessons will benefit the Carer.

- If the Carer has previously received a grant for driving lessons then any further application needs to be fully explain why a further grant is required. Were lessons paid for after the grant funding was used? If financial issues have prevented the purchase of lessons, then an explanation regarding how the Carer proposes to fund a car is required.

Sometimes the Carer needs to be able to drive in order to pursue something in their own life, e.g. a job, education, etc. It can be harder to relate this to their caring role so you would need to show that the ability to drive will enable them to continue in employment/education alongside their caring role. This could be because they can be more flexible due to not having to rely on public transport to get back to the person in receipt of care more quickly if needed.

## Carers Skills

Carers can apply for grants of up to £300 to enable them to learn new skills that will assist them in their caring role, help them to return to work or enable them to have a new interest outside their caring role. An application can be made to the Carers Skills funds whereby up to a maximum of 40% £120 of the total grant awarded can be used to pay for non-emergency respite/replacement care if needed whilst the carer is taking part in the course or activity.

Only ONE 'Carers Skills' grant can be applied for in a twelve-month period.

### **Carers can apply for grants towards the following:**

- The cost of courses, training, or tuition. Courses can be educational or vocational. The purpose could be that the Carer can return to work or re-train in a career more suited to maintaining their caring role; it could give them skills that will benefit them in their caring role, or enable them to have a new interest or focus outside of their caring role. In the past, The Care Collective has funded a range of courses such as creative writing, sign language, Makaton, counselling courses and photography courses.
- Costs associated with course materials (including suitable IT equipment), books and / or any necessary equipment relevant to the activity. \* Please note –if you are applying for resources and/or IT equipment it must be relevant to the course/training you are undertaking. You will be required to provide information about the course being taken in the application form.
- The maximum grant award for a laptop in the Skills category will be £275 unless there is a requirement of the course for a specific specification. If this is the case, then it should be clearly identified and explained in the application form.
- Please note we are not able to fund costs for fuel / car travel.
- Please note we are unlikely to fund stationery, office consumables or small office equipment.

If the Carer makes a case for a particular item and clearly demonstrates a need for a specific specification, then panel have the discretion to override the maximum limit below up to the maximum grant allowable.

Item	Maximum	Item	Maximum
Laptop	£275	Tablet / iPad	£150
Printer (laser)	£125	Chromebook	£250
Printer (inkjet)	£60	Cloudbook	£200

If more than one item/service is requested in an application, then these should all be available from the same supplier.

### Tips for writing a good Carers Skills application:

You should make clear in the application how the course will benefit the carer. The need/desire to do the course should be linked to the caring role in some way, but this does not mean that the course needs to be focused on giving the carer new skills to complete their caring role. It can be; a moving and handling course or a sign language course but it could benefit the carer in other ways.

- Allowing the Carer to find employment that they can fit around their caring role.
- Enabling them to work from home or to work flexible hours.
- Giving them a new focus and a break from their caring role – e.g. a creative writing course or a flower arranging course etc.

In these cases, it is important to show how the carer is impacted by their caring role and how partaking in the course will benefit them. This could be in terms of having a positive impact on their mental health, increasing their confidence, giving them the opportunity to socialise in a learning environment with others, etc.

During the application process you will be required to complete information regarding the course name/subject, provider and when the course is expected to begin.

### Data protection statement

Please take a moment to read through this as it highlights the legal obligations of us to handle the information provided in a sensitive and secure manner and the declaration that the information provided is true and accurate.

- Taking into account the changes required regarding General Data Protection Regulations (GDPR) legislation, The Care Collective require all adults referenced

in the application to sign the application form to consent to The Care Collective sharing their data and for the funder to store it. (Carers Declaration form)

- As intimated above, the funder will require the person in receipt of care to sign the form as there is personal data relating to them listed. The only exception to this would be where referenced adult/s are not able to do so due to mental incapacity, or their condition means that they are unable to sign. If you think this is the case, please outline this in your response and provide some details. If the cared for is under the age of 13 years old a signature is not required.
- The Carer must also sign the form in order for us to process the application. Without this signature, we are unable to enter any of the details into the database and unsigned applications will therefore not be assessed. If you are emailing an application to us please ensure that you have kept a copy of the form with the carers original signature on it.
- Visit <https://thecarecollective.wales/privacy-policy/> <https://www.carerfriendly.co.uk/privacy> for more information
- Visit <https://carerfriendly.co.uk/childrens-privacy-notice/> for the age appropriate children policy.

## How do you return the completed forms?

The easiest way to complete an application form is to use the online form. This can be accessed via The Care Collective website.

If you are returning a MS word version of the application, please email with all appropriate attachments in one email to: [grants@thecarecollective.wales](mailto:grants@thecarecollective.wales)

If you need to post the application, please send it to:  
Gwent Carers Hub Grant Dept.  
3 Central Mews  
Off Market Street  
Pontypool  
NP4 6JN

We would encourage you to use the online application form wherever possible as this will ensure that the application is processed as quickly as possible.

All applications submitted using the MS Word format of the application **must** have handwritten signatures for all referenced adults.

## **Outstanding Information**

Due to the volume of applications we receive we are no longer able to accept additional information via email, post, telephone or other form of communication. If there is missing information the application will not be processed and you will be notified which information was missing or inaccurate. If MS word applications are being submitted via email/post all information relevant to the application should be submitted in one email/one envelope.

## **What happens next?**

### **Complete applications:**

Applications will be processed and then assessed by a panel which may consist of The Care Collective staff and volunteers, representatives from Local Authorities and the Health Board.

Anonymised applications will be presented for consideration at panel meetings, which will be held fortnightly where possible, at The Care Collective's discretion. Complete applications will be submitted to the next available panel meeting. During busy periods there may be a wait list in operation.

Applicants will be informed of decisions on all applications within 1 week of the panel meeting via email or in some circumstances by telephone call.

### **If successful:**

A confirmation email will be sent to provide further details of how The Care Collective will proceed with the payment or purchase of your service / product. Where costs of items exceed the total of the grant awarded, if appropriate, The Care Collective will provide you with bank details for a BACs transfer before the purchase will be made on your behalf. On receipt of your goods/service you will be required to provide feedback.

### **If unsuccessful:**

You will receive brief information explaining the reason(s) why the application was considered to be unsuccessful.

Unsuccessful applications do not prevent the Carer reapplying and providing more information to address the feedback provided by panel.

## **Get involved**

If you would be interested in volunteering to assist the work of the Small Grant Service, please contact [grants@thecarecollective.wales](mailto:grants@thecarecollective.wales) for more information.
